REGISTRATION FOR STUDENT PARKING 2018-2019 School Year

June, 2018

Attention Students and Parents,

As our school population continues to expand, we remain committed to providing a parking space for all seniors in good standing. Our goal for student drivers is to ensure a safe environment. In support of that goal **WE REQUIRE THAT ANY STUDENT MUST ATTEND A SAFE DRIVING SEMINAR AND HAVE A PARKING PERMIT BEFORE PARKING ON CAMPUS.**

Safe Driving Seminars are conducted in conjunction with the Webster Central Chemical Abuse Prevention Team and provide an overview of New York State driving laws and safety guidelines. **Seniors**, if you plan on driving to school in September, attendance at the August Safe Driving Seminar is **mandatory**. Students **MUST** attend a Safe Driving Seminar each school year. Seniors who anticipate applying for a parking permit are encouraged to attend a driving seminar prior to submitting their application. Seniors who submit completed paperwork and are approved will be issued their parking permit at the end of the driving seminar.

Juniors will be invited to the September (and future) driving seminars only. After completing the Safe Driving Seminar and submission of completed paperwork, Juniors will be placed on a list for a lottery drawing. Parking permits will be issued to Juniors whose names are drawn by administration starting November 1, 2018. Junior lottery drawings for parking permits will occur at least three times throughout the year. Due to space constraints, there is no guarantee that juniors will receive a parking permit.

Attached is the application to park at Thomas High School. Additional copies can be found on our school's website as well as in the Thomas Main Office. The application includes a full description of the regulations for parking at Thomas High School and some of the common infractions that we encounter on a regular basis. Review the material carefully. Incomplete applications will be returned and therefore delay issuance of a parking permit.

We are very serious about providing all students and staff a safe parking environment. **Consequently, any violation of the rules outlined on the attached parking application will result in the loss of parking privileges. Students who have their student parking permit revoked for any reason MUST attend another Safe Driving Seminar before reissuance of their permit will be considered.**

Please read the attached regulations carefully. Students and parents must sign the application to acknowledge understanding of the rules for parking at Thomas High School and the consequences for not following those rules.

Seminar and registration will be held at Thomas High School Auditorium on the dates/times below. Please note that the summer registration dates have been assigned alphabetically. Students are urged to register at their designated date and time to help expedite the process.
