## Tennis Camp K-5, Learn to Play

The Learn to play camp helps our youngest players dive into tennis through level-based activities designed to promote early success in rallying and gameplay. With a focus on fun, players develop coordination and footwork skills, making the learning process enjoyable and engaging.

This program is taught using appropriately sized courts and equipment to ensure a positive learning experience. By using smaller courts, shorter racquets, and lower-bouncing balls, youth players can engage in more physical activity and experience success from the very beginning.

The tennis journey starts with red. Red balls can be made of foam or felt, are larger, bounce lower and travel slower than the standard yellow ball making it easier to learn and acquire skills.

This camp will run inside during rain or inclement weather.

Please bring with you a tennis racket, water, athletic shoes and sunscreen.
