

**Work Clearance Request Form
Webster Central School District
All District Buildings**

The purpose of this notice is to inform all short-term workers (e.g. telephone workers, alarm installers, utility workers, exterminators) and outside contractors of the presence of asbestos containing building materials in facilities operated by the Webster Central School District. No work shall commence without a review of the Management Plan with the AHERA Designated Person listed below or his/her designee. Furthermore, no asbestos containing building materials shall be altered, drilled, cut, removed, or otherwise affected or disturbed by any short-term worker or outside contractor.

All outside worker or contractors entering this building must complete and sign this form, acknowledging the presence of asbestos containing building materials in this building. You are required to review the AHERA Management Plan for this building and the diagrams indicating where known or assumed ACBM is located. No work will be allowed in any area in which asbestos containing materials are present without prior approval of the LEA Designated Person.

If at any time while working in the school building the contractor disturbs any asbestos containing material or assumed asbestos containing building materials, all work must be stopped and the Building Custodian and LEA Designated Person must be notified as soon as possible.

Project Managers for contractors with multiple employees working in the school building may sign in on their behalf signifying that he or she is aware of the above requirements and that this information is conveyed to his or her employees.

All questions regarding AHERA Asbestos Management Plans, health effects, work practices or other asbestos-related issues shall be directed to the AHERA Designated Person listed below during normal business hours.
